## **What is Givelify?**

Launched in 2013, "Givelify was born out of a passion to make the world a better place and the frustrations we felt trying to do so in the same old ways." *by founders*

It is an easier and convenient way to give towards your church by tithing, fundraising and other donations, all in 3 simple steps.

# How do I get it?

- First you need to download the Givelify app on your **iPhone** or **android** phone

- Go to the Appstore

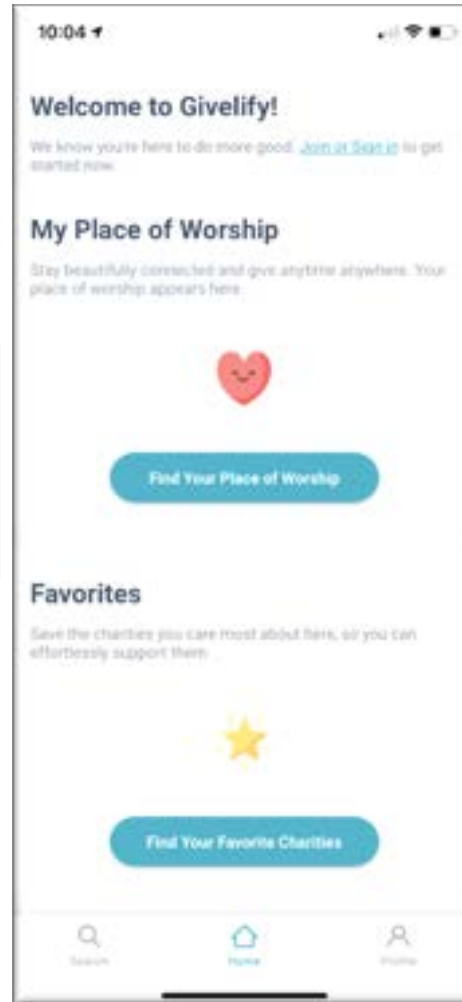

on your personal device, search and download the **Givelify** application identified by the below **Give** icon

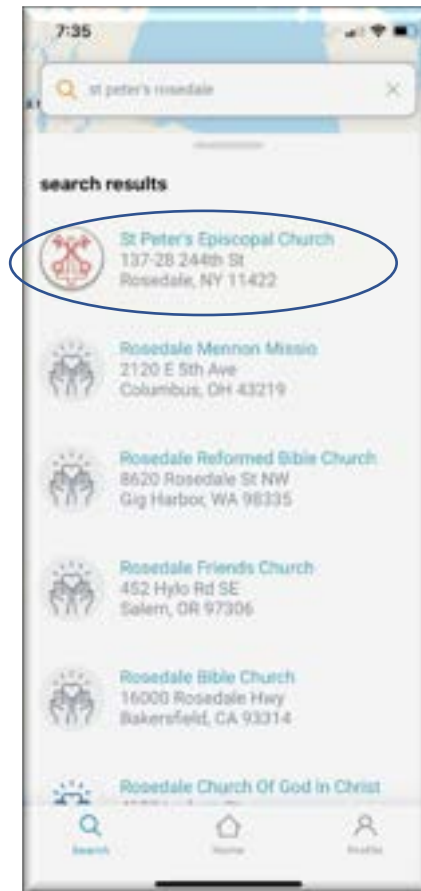

After downloading the app, tap on the icon to set up your Givelify account, select home and follow these steps!

Tap on “Find Your Place of Worship”

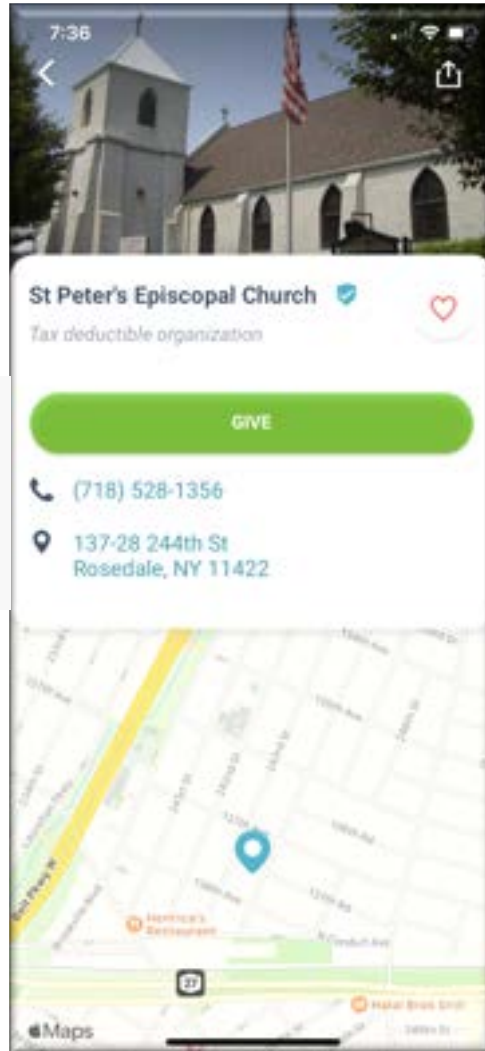

Search for St. Peter's Episcopal Church by either typing in **St Peter's Rosedale** or **11422** (as a short cut) in the search window

The search may yield several results, to ensure that you have the correct church, look for the St. Peter's Key logo and the address and select

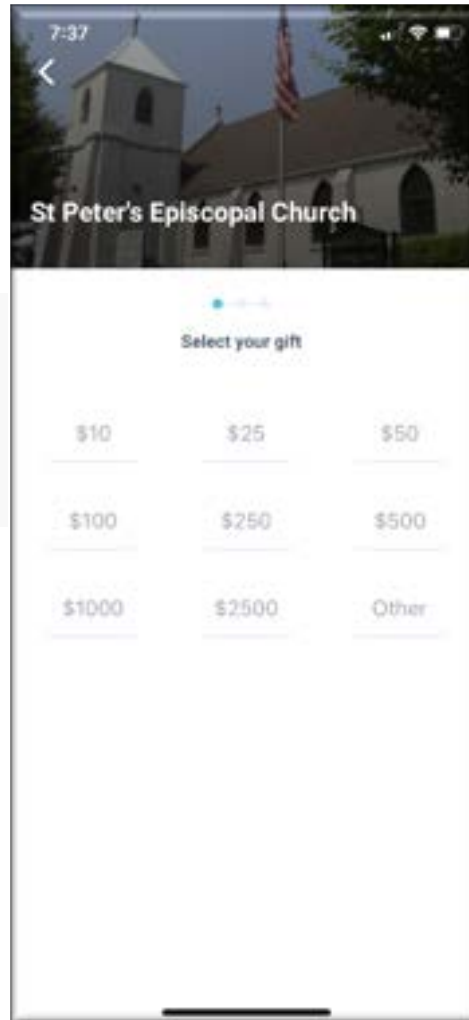

Fantastic! Now you are ready to make your donation to St. Peter's Episcopal Church by tapping the green give button

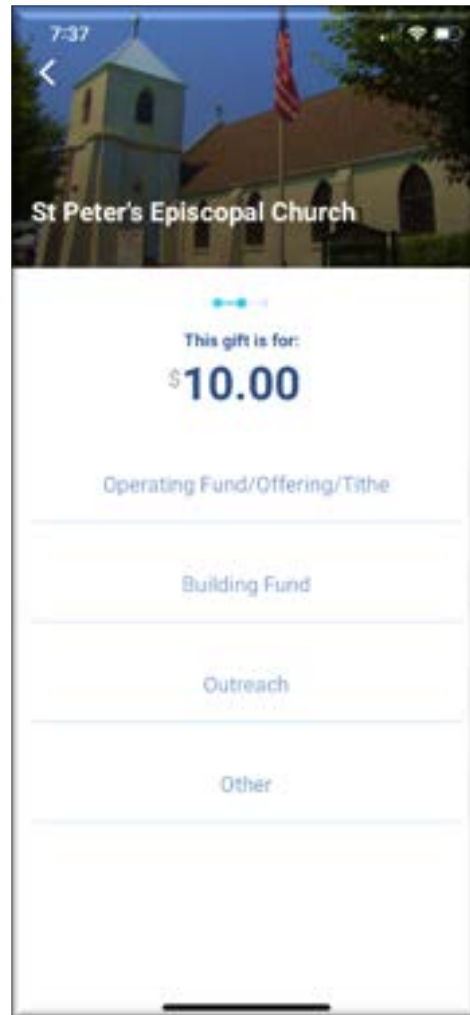

!!! Before you give, look out for the church picture and address to ensure you are donating to St. Peter's Episcopal Church Rosedale! You may want to add this as a favorite by tapping the heart icon  next to the church name if you are a frequent donor and would like to save time the next time you log in

## Initial set-up Q&A

- How long will it take for my donation to be processed?
  - *Processing can take up to 2 business days*
  
- I received an error message when I added my card information at the initial set-up and after several attempts, I noticed that in my wallet, my card was added several times?
  - *This probably occurred because your bank took a while to verify your account, and not knowing this you may have added your account information several times before receiving the verification. Your bank may take up to 1 business day to verify your account. Edit your wallet to remove the additional cards*
  
- Is there a Givelify Support contact?
